・『Tripod Adapter for D Holder』

--Release date : June 28th, 2018
--JAN code : 456212143 871 2

『Tripod Adapter for D Holder』

■ Product features ■

Installing 『Tripod Adapter for D Holder』 on the bottom of the 『D Holder』 enables to attach the 『D Holder』 on INON underwater tripod system through tripod screw holes (U1/4) on this product. The 『Tripod Adapter for D Holder』 is an optional part to attach an underwater housing with 『Grip Base D4』 or action camera with 『D Holder』 on the INON underwater tripod system. Equipped two tripod screw holes further enables to use “Panhead Adapter Base” packaged with the 『UW 3-Way Panhead』 to fasten the camera system on the underwater tripod system securely without rattle.

● Set-up Example on 『D Holder』

Installation on the 『D Holder』 of the 『Grip Base D4』

Installation on the 「D Holder」 attached on the “Mount Adapter” packaged with action camera compatible products.

● Example Set-up on Underwater Tripod System

Using the “Panhead Adapter Base” packaged with 「UW 3-Way Panhead」 enables to fasten a camera system securely without rattle as the adapter fasten a camera system with two screws.

Secure installation of an action camera combined with the 「D Holder」 on the 「UW 3-Way Pamhead」 via this product and “Panhead Adapter Base” without rattle.

Secure installation of an underwater housing combined with the 「Grip Base D4」+「D Holder」on the 「UW 3-Way Pamhead」 via this product and “Panhead Adapter Base” without rattle.

Installation of an underwater housing combined with the 「Grip Base D4」 on the 「UW 3-Way Panhead」 via this product.

Installation an action camera combined with the 「D Holder」 on the 「UW 3-Way Panhead」 via this product.
