「Shoe Base II」

■ **Product Features** ■

As same as the original Shoe Base, the new 「Shoe Base II」 is directly installed on an 『accessory shoe』 of an underwater housing or INON 「Shoe Base Spacer」 products (\*1).

「Shoe Base II」 set-up example

(\*1) Optional 「Accessory Shoe Spacer for Canon」(image below) is required when using this product on an accessory shoe of Canon underwater housing,

The upper part rotates 360 degree supporting sensitive aiming of combined lighting device.

Enlarged and redesigned 「Fixing Dial」 helps easy and secure installation with less power.

Comparison between 「Shoe Base」 and 「Shoe Base II」

Left: Original 「Shoe Base」 \*Discontinued

Right: 「Shoe Base II」

Newly employed rubber sheet on the contact surface with an 『accessory shoe』 of an underwater housing can dramatically enhance secure installation without rattle.
