X-2 Holder III Spacer

*X-2 Holder III Spacer application on X-2 for EOS80D(*2) to attach Holder III*

The *X-2 Holder III Spacer* is an adapter to attach INON *Holder III* on INON *X-2* series housing. This adapter is designed to locate the *Holder III* at ideal position to hold back side of the right hand when installed and total weight gets less if left handle is not required as this configuration does not need a base tray.

■ Compatible product

● X-2 series housing

- X-2 for EOS10D (*1) (*2)
- X-2 for EOS10D BK (*1) (*2)
- X-2 for EOS20D (*1) (*2)
