

X-2 Lanyard Plate R

INON INC. is pleased to announce official release of *X-2 Lanyard Plate R* to attach a carrying belt on INON *X-2 for EOS80D VC* and *X-2 for EOS6D VC* on February 7th, 2020.

Features

- Enables to attach a carrying belt on INON X-2 for EOS80D VC and X-2 for EOS6D VC.
- Arc-like elongate slots allow to adjust orientation of eyelets.
- The plate can accommodate with wide range of housing adapters.
- Packaged grommets can contribute to avoid annoying rattle sounds when filming movie as well as not to damage on a housing by metal rings of a carrying belt.
